

### Interim Report January 1 – June 30, 2013

August 16, 2013

# Continued revenue growth and improved result for Nordic Morning

The Nordic Morning Group's net revenue was EUR 61.8 million (EUR 52.8 million). Some 45% (49%) of the Group's net revenue came from Finland and 55% (51%) from Sweden and other Nordic countries. The Group's operating profit was EUR 2.8 million (EUR 0.1 million). Operating profit before non-recurring items was EUR 1.9 million (EUR 0.6 million).

### Timo Lepistö, CEO:

"Growth in net revenue continued during the period under review. The adaptation measures implemented in late 2012 weighed on the Group's result in the early part of the year, but the result improved in the spring, primarily due to the restructuring and streamlining we have carried out. While the communications sector as a whole did not grow in our home market during the period under review, the growth in the demand for digital communications services such as content strategy and social media services exceeded expectations. Nordic Morning Group's diversity has proved to be an important strength during this turning point in the communications industry."

### **Group structure**

The Group adopted the name Nordic Morning on 17 April 2013. The name is used for the parent company and Group in all communications and marketing.

The Nordic Morning Group is divided into four business areas: *Marketing Services*, comprised of Citat AB, Klikki AB, Mods Graphic Studio AB, Klikki ApS, Klikki AS, Klikkicom Oy, Citat Oy and the associated company BrandSystems AB; *Editorial Communication*, comprising JG Communication AB; *Publishing*, comprised of Edita Publishing Oy and Educode Oy; and *Print & Distribution*, comprised of Edita Prima Oy, Edita Västra Aros AB and the associated company Edita Bobergs AB.

On June 25, 2013, the Group's wholly-owned subsidiary Edita Västra Aros Ab and associated company Edita Bobergs AB, in which the Group holds a 33% stake, agreed to integrate their printing businesses into a new company named Edita Bobergs AB. The operations of the new company are planned to start on October 1, 2013. The Nordic Morning Group owns 67% of the new company.

## Net revenue and profit

The net revenue of the Nordic Morning Group was EUR 61.8 million (EUR 52.8 million), of which EUR 28.0 million (EUR 26.1 million) came from Finland and EUR 33.8 million (EUR 26.7 million) from the other Nordic countries, primarily Sweden. The substantial increase in net revenue compared to January–June 2012 is the result of the acquisition of the digital marketing company Klikkicom Oy in May 2012.

The Group's operating profit was EUR 2.8 million (EUR 0.1 million). The increase in operating profit was mainly derived from the Print & Distribution business area. Non-recurring items totalled EUR 0.9 million (EUR -0.5 million).

The net revenue for the **Marketing Services business area** was EUR 23.1 million (EUR 12.0 million), with operating profit at EUR 0.7 million (EUR 0.9 million). The acquisition of digital marketing company Klikkicom Oy in May 2012 increased net revenue by EUR 10.3 million, but depreciation of the acquisition cost related to the transaction weakened the result compared to January–June 2012.

The net revenue for the **Editorial Communication business area** was EUR 5.6 million (EUR 7.8 million), with operating profit at EUR 0.4 million (EUR 0.3 million). The net revenue of JG Communication AB declined after a major customer reduced its purchases of communications services in late 2012. The result improved compared to January–June 2012 as a result of streamlining measures implemented in December 2012.

The net revenue for the **Publishing business area** was EUR 7.5 million (EUR 7.9 million), with operating profit at EUR 1.2 million (EUR 1.0 million). The net revenue of Edita Publishing Oy decreased, but the acquisition of Educode Oy in March 2012 increased net revenue somewhat. Edita Publishing Oy recorded a weaker result than in January–June 2012, whereas Educode's result was improved compared to the same period.

The net revenue for the **Print & Distribution business area** was EUR 26.7 million (EUR 26.6 million), with operating profit at EUR 2.1 million (EUR -0.2 million). Net revenue increased most in Sweden, where the acquisition of Sandvikens Tryckeri och Bokbinderi AB in September 2012 increased net revenue by EUR 1.8 million. The result improved in both Finland and Sweden. The operating profit includes EUR 0.7 million (EUR 0.6 million) in income from Swedish value added tax refunds.

### Non-recurring items

Exceptional transactions outside the ordinary course of business, such as gains and losses on disposal of business operations and assets, impairment, costs of discontinuing significant business operations and restructuring provisions are treated as non-recurring items. In the income statement, gains are presented in other operating income and expenses in the corresponding expense item. Non-recurring items are included in segment-specific operating results.

### Solvency and financial position

The Group's equity ratio was 42.5% (41.5%). Cash and cash equivalents amounted to EUR 6.6 million (EUR 6.6 million) and interest-bearing debts stood at EUR 17.7 million (EUR 22.0 million).

## **Capital expenditure**

The Group's gross capital expenditure totalled EUR 0.8 million (EUR 6.4 million). The capital expenditure chiefly consisted of replacement investments.

### Risks and risk management

The Nordic Morning Group's most significant risks are related to the instability of the international economy and the substantial structural changes underway in the marketing communications industry, particularly the print business. The Group has a strong focus on developing its service offering to respond to its customers' new communications needs in areas such as online communications. Risks are assessed on a regular basis.

Economic instability influences the level of marketing communications investments made by customers. Nordic Morning works in close partnership with customers in order to proactively develop its operations to respond to changing needs.

The demand for traditional printed products is falling as the focus of communications shifts to digital channels. The challenge for Nordic Morning is to adapt the Group's printing business accordingly, while at the same time developing its online communications services profitably. The business area most affected by these changes is Print & Distribution, which has seen extensive adaptation measures in recent years.

The Group's balance sheet includes EUR 21.5 million in goodwill. In 2012, the consolidated goodwill of the Print & Distribution business area was written down in full, and the consolidated goodwill of the Marketing Services business area was depreciated in part. If the general economic conditions continue to weaken and significantly slow down the development of the communications market, the Group may have to consider new write-downs of goodwill in the Editorial Communication and Marketing Services business areas.

The expertise of the personnel plays a crucial role in strengthening the Group's competitiveness. Success in developing intellectual capital, recruitment and in ensuring the engagement and commitment of key personnel are key success factors for Nordic Morning. The strategic focus on HR that began in 2012 continued in the form of training for key personnel and by defining key roles for various business functions.

The Group's currency risk is related to developments in the value of the Swedish krona. Currency risks are monitored regularly according to Nordic Morning's currency risk policy. The Group uses hedging to manage currency risk as necessary. No hedging was done during the period under review.

Financing risks have been taken into account by hedging part of the interest rates on current loans. The hedging arrangements will remain in force until the loans mature.

The Group has paid particular attention to invoicing frequency and optimising the turnover of sales receivables and inventory.

### **Board of Directors**

The Annual General Meeting on April 3, 2013, decided that Kaj Friman (Chairman), Jussi Lystimäki (Vice Chairman), Carina Brorman, Maritta Iso-Aho, Eva Persson and Petri Vihervuori will continue as members of Nordic Morning's Board of Directors.

#### Personnel

The Group employed an average of 664 persons (683) during the period from January to June. At the end of June, the total number of employees stood at 661 (726), converted to full-time employees. The number of personnel in the Marketing Services business area grew by 53 as a result of the acquisition of Klikkicom Oy. The Print & Distribution business area had an average of 42 employees less than in January—June 2012. The parent company employed an average of 31 employees (29) and the number of employees at the end of June stood at 30 (30).

The Group carried out a personnel survey in the spring to measure employees' commitment to their work and employer. The Group companies' results varied from satisfactory to excellent. Based on the results of the survey, the Group selected company- and team-specific development targets, the achievement of which will be monitored on a quarterly basis.

Also in the spring, the Group started its first development programme for young potential management employees, The Nordic Bond 001. A total of 15 development-oriented and high-performing young employees from various Group companies were selected for the training programme. The programme focuses on business expertise, leadership and innovation and gives the participants an in-depth understanding of the Group's operations and services. The programme will continue until 2014.

#### Outlook for the remainder of 2013

The demand for communications services on the whole is not expected to grow in the second half of the year. The demand for services related to online communications and strategic consulting, however, is expected to develop positively. Nordic Morning is focused on the agile development of its communications services in line with customer needs.

The figures in this interim report have not been audited.

## Principal accounting policies for the interim report (IFRS)

The Group's interim report was prepared in accordance with the IAS 34 Interim Financial Reporting standard, and the preparation of the report was in compliance with the IFRS standards and interpretations approved for application in the EU and valid on June 30, 2013.

This interim report was prepared in accordance with the same principles as the annual financial statements for 2012, as well as the new and amended IFRS standards described in the 2012 financial statements. The impact of new standards in the Nordic Morning Group has been minor, as the Group has already discontinued the use of the corridor method related to the amendment to IAS 19 Employee Benefits.
